Introduction

A Dream Encounter

Marlene was divorced. A nice Christian woman in her late thirties. She had served the Lord for 17 years. Despite her affection and passion for serving, she ended up losing her husband to a much younger woman.

At the moment she was facing unemployment.

All of a sudden, she went from a life of happiness to a life of desperation.

Just like that.

In that state, knowing she couldn't stand her present situation any longer, she went to her pastor for help.

Her pastor prayed with her and not long after this she got a job offer. It seemed that life turned around for her now. She felt blessed once again and was elated. She couldn't wait to get started on her new job.

Then something happened.

Something that nearly reversed the good news she just had. And threatened to alter her plans and her life again.

What was this?

A Dream Encounter.

She found herself in the midst of a wedding ceremony that was being held at a local church. She was the bride but the groom was someone she did not know. The pastor was also someone she did not know.

She asked the pastor who the man was. He claimed he did not know. She was so confused she bellowed, “What kind of wedding is this? Why am I getting married to someone I do not know?”

Although the pastor heard her every word, he acted as if he did not hear and continued to conduct the ceremony. To escape the madness, she broke out and ran as fast as her legs could go. Everyone ran after her, trying to catch her before she got away.

Suddenly, Marlene woke up, perspiration dripping off of her. She looked around and saw she was in her own bedroom. She knew it was a dream.

The dream bothered her so much she had to figure out what it meant. Then she got up and went to start her first day at her new job. When she got there she was told to wait in the reception area till someone came to get her. She must have waited for at least an hour or two. Finally the director came out to get her and escorted her to his office.

“Marlene, we are sorry to inform you, but the job we offered you, had been given to someone else prior to calling you. The secretary who called you did not know this. We do apologize for this mix up and only wish you the best in your future endeavors.”

Marlene was shocked and stunned beyond belief. It was as if the ground just opened up and swallowed her. She felt humiliated, confused and angry.

The whole incident did not affect her immediately. But when she finally came to grips with the idea she had no job, she remembered the dream and went to her pastor to tell him what happened.

The pastor listened intently with a discerning mind and keen eye. He wanted to make sure he didn't miss a single word. After Marlene finished telling him her dream and how she didn't get the job after all, he understood and gave her instructions on what she needed to do.

He told her the dream was a revelation that manifested as an attack on her new job. He advised her to go home and pray only this one prayer:

“O Lord, send your angels to disband that evil gathering in my dream, and restore to me what I had lost in the name of Jesus.”

The pastor advised her to pray at the midnight hour. And pray that singular prayer point for at least an hour. After that, she was to thank the Lord and go to sleep.

She understood and did just as her pastor instructed.

What happened?

Not long after, she got a call from the same company where she was rejected just a few days earlier. They told her the person who was hired, suddenly got ill and they needed a replacement. So they asked Marlene if she wanted the job. Marlene accepted it graciously.

This is just one of many inspiring stories you will read about in this book that will show you that God can use your dreams to reveal things to you. All you need to do is understand the messages you are getting and what action to take.

This book will also provide you common dreams, their interpretation and what action to take. All from a biblical perspective, and not psychology.

This will help you to claim the good ones, and cancel the bad and the ugly.

Chapter ONE

Big Bam Boom

Just recently someone, who is not a Christian, came across this dream and wanted to know what I thought of it:

“Several years ago, I had a recurring dream. It always started with a big boom, like a loud gunshot. And then a voice telling me, ‘You’re not dead. You need to wake up. You need to drive the car.’ What car? There was no car in the dream! Nevertheless, because the voice sounded so urgent, I would try to wake up anyway.

“No matter how hard I struggled in the dream, I couldn’t wake up. I did wake up out of the dream itself, but I could never find myself waking up within the dream. I had this dream several times over a period of about two weeks. Then finally one night while I had this dream, I woke up in the dream. And after that I stopped having the dream.

“I had forgotten about it, but one evening a couple of weeks later, I was a passenger in a car driven by a friend. I heard a boom. It sounded like a loud gunshot.

“I remembered the voice from the dream telling me, ‘You’re not dead. You need to wake up. You need to drive the car.’ So I woke up and found the car was on fire. I found out later that a huge tire had come off a semi-truck on the other side of the highway and had smashed into our car. Both my friend and I had immediately been knocked out, but my friend’s foot was still pressing the accelerator. We were headed toward a head-on collision with oncoming traffic. “I awakened from being knocked out and took over driving the car. I leaned over quickly, grabbed the steering wheel and turned the car to

take it off the road. "If I hadn't had that dream, I'm certain both my friend and I would be dead"

This is the sort of dream that mystifies, enthralls and fascinates us, especially those who do not know or understand what dreams are about.

This is an example of a dream warning. It tells of danger ahead.

The thing to do is:

Cancel it through prayers so it will not even have a chance to manifest in the physical.

Here's a simple prayer to deal with it:

"I cancel this bad dream in the name of Jesus and I declare that tragedy and calamity is not my lot according to the Word of God"

That is for those who know JESUS as Lord and savior.

For others who may not have a relationship with the Lord Jesus, it is a wake-up call. Jesus loves you and wants to help you. But a relationship with Him is required before you can pray the type of prayer above and get result.

Because if you noticed, the prayer is in His name. The Bible declares that there is no other name given among men by which we may be saved.

When you've given your life to Jesus, and you want help and healing, there are prayers at the end of this manual. These are 111 targeted, PROVEN prayers that can deal with every conceivable dream experience you may have. But before we get to it, there's a related information that is perhaps more important that I want to share with you in the very next page.

Chapter TWO

Scientist Whose Dream Changed the World

The physicist, Albert Einstein, is considered one of the greatest scientists who ever lived. Did you ever know that his big breakthrough *Theory of Relativity* came to him in a dream?

In her book, “Wake Up to Your Dream” Sandra Collier discussed how dreaming affected Albert Einstein.

Hear Einstein himself tell his dream

“I was sledding with my friends at night. I started to slide down the hill but my sled started going faster and faster. I was going so fast that I realized I was approaching the speed of light. I looked up at that point and I saw the stars. They were being refracted into colors I had never seen before. I was filled with a sense of awe. I understood in some way that I was looking at the most important meaning in my life.”

Years later, Einstein said, “I knew I had to understand that dream and you could say, and I would say, that my entire scientific career has been a meditation on my dream.”

Einstein realized that secrets had been revealed to him in the dream but he needed to understand what they meant. His dream helped him realize what lay before him. It laid the foundation for the greatest scientific advancement the world had ever known.

Chapter Three

I Have a Dream but I Don't Understand It

Dreams have been here as long as mankind.

Back in the Roman Era, striking and significant dreams were submitted to the Senate for analysis and interpretation.

In those days, dream interpreters accompanied military leaders into battle. Dreams were extremely significant and often seen as messages from the gods. People with particularly vivid and significant dreams were believed to be blessed and were considered special. People who had the power to interpret dreams were looked up to and seen as divinely gifted.

- We know the Bible story of Joseph and how his divine ability to interpret dreams helped promote him from prison to prime minister in Egypt.
- The story of Daniel is also familiar to many of us. His ability to interpret dreams catapulted him from slave-boy to first president in Babylon.

Dreams carry vitally important information that is sometimes delivered in coded form!

Gaining an understanding of your dreams can help you discover the hidden secrets of life and how life may unfold in front of you. You may be given information that you may not have known otherwise.

To add to this, God can give you that special ability to interpret your dreams, just like HE gave to Joseph and Daniel in the Bible.

By asking God for the gift of dream interpretation, you will be in a position to unravel the true meaning of your dreams and understand their significance not only to you but also to those around you.

In order to understand dreams, you must be able to receive spiritual information from the Holy Spirit. That way, you will be able “discern” the meaning of symbols you see in the dream. Each symbol has a meaning, whether hidden or direct.

Such symbols can tell you:

- If money is coming your way and how to position yourself to receive it
- If there's a warning you should not ignore
- How a change of behavior or attitude can change your relationships for either good or bad
- If God is trying to get your attention
- And so much more!

Many dreams are prophetic. They carry signs of warning and advice.

As you read through the following pages, you'll discover that every detail, even the minutest element in your dream is important and must be considered when analyzing your dreams.

Once you get the idea of how dreams are interpreted, you'll be able to untangle the mystery of your dreams as well. You will even be given prayers that have been known to help those who had troubled dreams.

The first series of dreams will be about greatness, prosperity, abundance, wealth, and great relationships.

You'll read real life examples of famous people and how their dreams opened the door to success, peace, and prosperity.

Chapter Four

Dreams of the Rich and Famous

In this chapter you will learn of famous people who became rich and successful through their dreams.

Jack Niklaus

World Champion Golfer

Dreams have been known to help people solve scientific problems, paint a masterpiece, or improve at sports.

World champion golfer Jack Niklaus told a reporter in 1964 that he used dreams to achieve championship success.

"Last Wednesday night I had a dream, and it was about my golf swing. I was hitting them pretty good in the dream, and all at once I realized I wasn't holding the club the way I've actually been holding it lately.

"I've actually been having trouble collapsing my right arm, taking the club head away from the ball, but I was doing it perfectly in my sleep.

"So when I came to the course yesterday morning, I tried it in the way I did in my dream and it worked.

"I shot a 68 yesterday and a 65 today and believe me it's a lot more fun this way. I feel kind of foolish admitting it but it really happened in my dream. All I had to do was change my grip just a little."

Jack had a dream that skyrocketed him to success, fame and prosperity.

Who knows, maybe you had the same kind of dream lately yourself.

Francis of Assisi

Catholic Saint/Founder - Franciscan Monks

Dreams played an important part in the life of St. Francis of Assisi. They gave him the strength to persevere despite his life of poverty, and helped him to establish his order of Franciscan Monks.

Just before a difficult interview with Pope Innocent III, Francis dreamt he saw a tall tree with thick branches.

The nature-loving saint looked upon it with wonder and realized that as he looked he grew in size until he was the same height as the tree.

When he touched its branches the tree bowed in reverence.

Looking at this dream, Francis realized that this was God's way of telling him that he was blessed with favor before the Pope, and therefore the Pope would accept Francis' opinion concerning a crucial matter. He did.

Saint Francis had a dream that brought him favor, recognition and respect. What about you?

Adolf Hitler

Nazi Dictator

During the WWI, 28-year-old Adolf Hitler was a corporal in the German infantry, fighting in the trenches on the French Front.

One night he had a dream that he was being buried beneath an avalanche of earth and molten iron. He could feel the terrible pain of being fatally wounded. He woke up and felt compelled to leave the trench. As soon as he was clear of the dugout he heard a loud explosion behind him. The trench, where he was sleeping at moments ago, was now a smoldering pile of dirt, hot metal and blood.

This event convinced Hitler he was invincible and destined for greatness. The dream helped save Hitler's life for the time being.

(By the way, millions of folks around the world would wish he never had that dream!)

The next time you have a dream of impending doom or injury, you will do well to take heed, because your prompt action may just save your life.

Oliver Cromwell

Founder of the English Parliament

When he was a young man Oliver Cromwell dreamt that a huge female figure drew back the curtain around his bed and told him one day he would be the greatest man in England.

The dream puzzled him because the greatest man in England at the time was the king. Cromwell remembered in his dream that there was no mention of the present king, only him being the greatest man in the country.

In 1648 after a bloody civil war, the king was disgraced and Cromwell became the greatest man in England. Oliver's dream prepared him for the pivotal role he subsequently played in the most powerful nation in the world at that time.

Charles Dickens

Famous Novelist

One night Charles Dickens had a dream he saw a woman in a red shawl with her back toward him.

"I am Miss Napier," she said as she spun around.

The dream didn't mean anything to Charles at first. But the next night after giving a literary reading some friends came backstage and introduced him to a

woman they wanted him to meet. And you know what? Her name was Miss Napier.

Charles' dream helped him find love, peace, and contentment. He finally experienced joy in his life.

Elias Howe

Inventor of the Sewing Machine

Even the sewing machine owes its invention to a dream.

Elias Howe worked as a sewing operator and wanted to find a way to make his work easier. One night he dreamt that a savage king ordered him to invent a sewing machine.

After trying unsuccessfully, the tribe threatened to kill him with spears.

Just before they attempted to spear him, he noticed that each spear had a hole in it just above the point. This was the clue he needed to make the sewing machine a reality.

Elias's dream helped him solve a big problem he had and gave birth to the sewing machine.

Niels Bohr

Nobel Prize-Winning Physicist

Physicist Niels Bohr was trying to understand the nature of the atom. He tried several times to figure out the nature of the atom and how it was constructed. This problem perplexed him for a long time.

Finally, one night he had a dream. This dream consisted of the sun composed of burning gases with planets orbiting around it attached by fine threads. When he woke up, he realized that this was the solution to his problem.

He realized from his dream the structure of the atom, which heralded the birth of atomic physics. Bohr went on to win the Nobel Prize for Physics (the ultimate honor that any scientist can ever receive.) Bohr's son Aage also became a physicist and shared the Nobel Prize for Physics in 1975.

You may not be a scientist but everyday you are facing challenges in some aspect of your life, and may find the answer through your dreams.

Other Examples

Other notable examples of how dreams helped launch world famous careers include:

- The great composer **Mozart**. He received many of his most glorious compositions through dreams.
- The famous author **Robert Louis Stevenson**. He struggled for days over a short story that refused to take shape until a dream showed him how to write it. The story he finished was the classic “Dr. Jekyll and Mr. Hyde.”
- **Dmitry Mendeleev**, a brilliant 19th century chemist and physicist. He recreated the Periodic Table during his waking hours after it appeared to him in its entirety in a dream.
- **Dr. Jonas Salk**. For years he treated people with polio. However, he was not successful due to lack of a vaccine to fight it. One night he had a dream that gave him the ingredients to make the vaccine. Because of that dream, he went on to invent the polio vaccine.

The Sad Case of the President

A few days before he was killed, the famous American president, Abraham Lincoln, said that he was impressed by the number of prophetic dreams in the Bible.

When his wife asked him why he’d brought this up, Lincoln related a dream he just had.

He was wandering through the halls of the White House trying to find out where the sound of weeping people was coming from. His search led him to the East Room where he saw a coffin lying on a platform, guarded by soldiers and surrounded by a throng of mourners.

“Who died?” he asked.

“The president. Killed by an assassin,” was the answer.

The sound of loud grieving sobs of mourners forced Abraham Lincoln to awaken from his dream.

Unfortunately for Lincoln, his dream proved real and it happened that a few days later he was assassinated.

Ignoring Your Dreams Can Open the Door to Disaster !

Chapter Five

Even the Bible is Not Left Out

As we've noted, dreams and dream interpretation started many centuries ago. 50 of them are recorded in the Bible. We'll see the example of famous Bible dreamers and interpreters and how dreams brought them fame, wealth, recognition, and power.

Abraham

It was a dream that Abraham had that foretold his people's slavery in Egypt and their eventual Exodus. *"After a while the sun was about to set, and a deep sleep fell upon Abram, and, look! A frightfully great darkness was falling upon him. And he began to say to Abram: 'You may know for sure that your seed will become an alien resident in a land not theirs, and they will have to serve them, and these will certainly afflict them for four hundred years. But the nation that they will serve I am judging, and after that they will go out with many goods.'"* (Genesis 15:12-14).

Jacob

One of the earliest and most well known biblical dreams is Jacob's dream of a ladder from the earth to heaven. In the dream, God promised Jacob that all the families of the earth would be blessed through Abraham. And that God would return Jacob to the Promised Land.

Joseph

Dreams caused great trouble for Joseph and his brothers. *“Look! Here comes the dreamer. And now come and let us kill him and throw him into one of the waterpits; and we must say a vicious wild beast devoured him. Then let us see what will become of his dreams.”* (Genesis 37:19).

Joseph is thrown into a pit and eventually sold to traders, who bring him to Egypt. But Joseph’s understanding of dreams brought him blessings and prosperity.

His interpretation of Pharaoh’s dreams led to his appointment as Prime Minister of Egypt and saved his family from famine.

Daniel

As described in the book of Daniel, the dream that King Nebuchadnezzar of Babylon had was also an important Biblical dream.

Nebuchadnezzar dreamt of a tree being cut down, and of being left to graze like a beast. Daniel explained that this dream was to teach him to acknowledge God above him in the same way as he was above the beasts in the field. Nebuchadnezzar eventually went insane, and his son Belshazzar assumed the throne. During a feast given by Belshazzar, Daniel saw a message of judgment in God’s handwriting on the palace wall.

The words he saw inscribed were ME’NE, ME’NE, TE’KEL, and PAR’SIN. Daniel proceeded to interpret those words to the king, “This is the

interpretation of the word: ME'NE, God has numbered the days of your kingdom and has finished it. TE'KEL, you have been weighed in the balances and have been found deficient. PE'RES, your kingdom has been divided and given to the Medes and the Persians." (Daniel 5:25-28).

That very night the Medo-Persian army captured Babylon and killed Balshazzar, and King Darius became ruler.

Modern Christians and Dreams

Early Christians taught that sometimes God reveals himself through dreams. However, in time dreams fell out of fashion within Christianity, thanks in part to Martin Luther, the great reformer, who believed and taught that dreams were the work of the devil.

Of course this was not completely true, as was proven by the Bible, since there are many references to God-inspired dreams in the scriptures. In both Old and New Testaments, dreams and visions were regarded as revelations from God.

In fact dreams played a crucial role in the birth and life of our Lord JESUS Christ.

While Joseph and Mary were first together an angel appeared to Joseph in a **dream** with this message: "Joseph, son of David, do not be afraid to take Mary your wife home, for that which has been begotten in her is by the Holy

Spirit. She will give birth to a son, and you will call his name Jesus, for he will save his people from their sins.” (Matt 1:20-21).

The wise men after being guided by a star to the stable where Jesus was born were “given divine warning in a **dream** not to return to Herod...” (Matt 2:12). Joseph is then warned in a **dream** to “Get up, take the young child and its mother and flee into Egypt, and stay there until I give you word; for Herod is about to search for the young child to destroy it.”(Matt 2:13).

Joseph remained in Egypt until he received these instructions from an angel in a **dream**: “Get up, take the young child and its mother and be on your way into the land of Israel, for those who were seeking the soul of the young child are dead.”(Matt 2:20).

Thirty years later, while Pilate was contemplating the fate of Jesus, he receives this message from his wife, “Have nothing to do with that righteous man, for I have suffered a lot today in a **dream** because of him” (Matt 27:19).

As you can clearly see, dreams are not just contrived by people, God can also have a hand in them.

Chapter Six

How to Recognize Success Dreams

Some dreams can come from our thoughts and preoccupations during the day, while others can be direct revelations from God.

Here are some examples of what God Himself says about dreams:

- *“And he went on to say: ‘Hear my words, please. If there came to be a prophet of yours for God, it would be in a vision I would make myself known to him. In a dream I would speak to him.’” (Numbers 12:6).*
- *“And after that it must occur that I shall pour out my spirit on all flesh, and your sons and your daughters will certainly prophesy. As for your old men, dreams they will dream. As for your young men, visions they will see.” (Joel 2:28).*
- *“The prophet with whom there is a dream, let him relate the dream; but the one with whom my own word is, let him speak forth my word truthfully.” (Jeremiah 23:28).*
- *“For God speaks once, and twice – though one does not regard it – in a dream, a vision of the night, when deep sleep falls upon men, during slumbers upon the bed.” (Job 33:14, 15).*

As you see from the biblical references here, God does speak to people in dreams. Even today God can speak to you through dreams.

Dream Instructions

When we dream, sometimes what is told to us is in some form of instruction. This instruction can be from God, through His angels, or it could be our own minds, processing the data we received throughout the day, and any previous days. Or it could be from the devil.

The only problem is: Many modern Christians have no idea what to do with revelations that God gives through dreams.

There are many scriptures in the Bible that can help us in this respect, if only we are diligent to study and apply them. If we only follow those scriptures and understand what they say, we would realize that dreams are important part of our existence and can help us or save us at crucial moments of our lives.

The Bible even says that God will not do anything unless he first reveals it to some of his people, as Amos 3:7 states: “For the Sovereign Lord will not do a thing unless he has revealed his confidential matter to his servants the prophets.”

God does reveal things to people – through, dreams, visions, etc. The only challenge is that most people just don’t understand it.

Dreams can help warn us of impending doom. If we ignore it, our ignorance could cost us our lives.

For example, Paul, in the midst of a tempest and threat of a shipwreck told the people concerning a dream he had in the night. In that dream, an angel of

God had appeared to him to assure him that no lives would be lost, even though everything pointed to the contrary. Paul regained strength and supernatural confidence from this visitation.

Besides giving you warnings, God can use dreams to reveal His plans for your life. A case in point is King Solomon.

King Solomon was the wisest and richest man who ever lived.

Here's the Bible account of what happened to King Solomon:

“In Gibeon God appeared to Solomon in a dream by night; and God proceeded to say: ‘Request what I should give you....For the reason that you have requested this thing and have not requested for yourself many days nor requested for yourself riches nor requested the soul of your enemies, and you have requested for yourself understanding to hear judicial cases, look! I shall certainly do according to your words. Look! I shall certainly give you a wise and understanding heart, so that one like you there has not happened to be before you, and after you there will not rise up one like you. And also what you have not requested I will give you, both riches and glory, so that there will not have happened to be any among the kings like you, all your days. And if you will walk in my ways by keeping my regulations and my commandments, just as David your father walked, I will also lengthen your days.’ When Solomon awoke, why, here it has been a dream.” (1 Kings 3:5, 11-15).

Chapter Seven

What to do with Bad Dreams

There's a class of dreams that bring anxiety, disappointment, depression and other types of emotions and moods.

Such dreams do not come from God. They come from the devil and his agents. Before we dive into this, let me quickly point out that there is yet another class of dreams.

This type comes as a result of what you are pre-occupied with in your day-to-day activities. And the Bible supports this view:

“For a dream certainly comes in because of abundance of occupation, and the voice of a stupid one because of the abundance of words.” (Eccl 5:3).

The Bible goes on to clarify:

“Yes, it must occur just as when someone hungry dreams and here he is eating, and he actually awakes and his soul is empty; and just as when someone thirsty dreams and here he is drinking, and he actually awakes and here he is tired and his soul is dried out; thus it will occur with the crowd of all the nations that are waging war against Mount Zion.” (Isa 29:8).

So it is important to point out here is that whatever your eyes and ears pick up during the day can be processed by your mind and projected into your dreams. That's why reading a dirty book or magazine, to watching all these junk TV just before going to bed can lead to bad dreams. Because whatever pictures you present to your mind will be stored for processing and later retrieval.

That may be one of the reasons the Bible advises us:

“Therefore, since we have these promises, beloved ones, let us cleanse ourselves of every defilement of flesh and spirit, perfecting holiness in the fear of the Lord.” (2 Cor 7:1).

If you live a life as an alert and prayerful Christian, most of your dreams SHOULD be pleasant messages from God about your life and those around you.

However, just because we are Christians doesn't mean Satan will not attempt to infiltrate our lives through dreams.

In fact, the devil and his agents consider the dream realm to be a major theater of battle, where they launch all kinds of attacks against you, while you are asleep.

Jesus said that: ***“While men slept, the enemy came and sowed tares.”***

Satan has been known and will continue to project evil into the lives of millions while they are asleep.

Bad Dreams That Spell Trouble

Here's a good true-life example of dream manipulation. A woman was praying one night. Suddenly someone appeared to her and told her to stop praying. She was baffled when the person added, "You are praying too much." The sister paused and wondered why Jesus or an angel of God would ever ask her to stop praying when the Bible clearly says we should pray without ceasing.

So she looked closely at the object and to her surprise, she noticed tiny dirty spots all over the white garment of this strange person.

Immediately, a Scripture jumped into her mind:

"And no wonder, for Satan himself keeps transforming himself into an angle of light. It is therefore nothing great if his ministers also keep transforming themselves into ministers of righteousness. But their end shall be according to their works." (2 Cor 11:14-15).

That opened her eyes. At once she yelled at him, "You... you are an agent of the devil. You are not from God. In the name of Jesus Christ I command you to be bound."

Just after she finished yelling those words, the person disappeared. The devil was trying to deceive her. He has deceived many through manipulations like this. He could even use the scripture to try and get at us. That's what he tried with Jesus but it didn't work.

Satanic Attacks Through Dreams

Satan misleads millions every day through dreams. If you see accidents, attacks, closed doors, youth growing old, chains in the neck, closed Bibles, and other symbols, you are probably seeing the outworking of satanic attacks in the dream.

Everyone sleeps. God designed it so. Dreams are a part of sleep and play an active role in the lives of men and women. Everything which God has designed for man is for a good purpose. The problem occurs when Satan and his demons are allowed to gain access and corrupt things. And this is what happens with many people. They have good dreams today, and the next minute the dreams have all turned to a nightmare.

Sometimes, people experience exactly what happened in their dreams the night or weeks after the dream occurred. For example, a woman dreamt about somebody who was defecating on her head. Unfortunately, the church she attended did not teach about spiritual warfare, so she had no idea how to defend herself, nor did she know what the dream actually meant. Soon after the dream occurred, her husband started to turn against her and this eventually led to her divorce.

Another example is of a lady, newly wedded in England. She dreamt that a blonde woman she'd never seen before walked into her home, made straight for her closet and grabbed her wedding gown. She was gone before you could say, "Jesus is Lord."

At breakfast the following morning, she told her husband about it. He just laughed it off. Tell you what? Exactly two months later, on the exact same day, her husband filed for divorce. The sad part of it was he packed up and moved in with - *you guessed it* - the blonde woman who first appeared in the dream!

When people have strange or bad dreams, they should learn more about them so they can protect themselves from the harm the dream was designed to cause.

Chapter Eight

Spiritual Weapons for Dream Battles

When unchecked, Satan uses the dream world to his advantage. He has a very subtle strategy. What he does is that he allows two or three bad dreams to come to pass. When this happens you start believing that you will have bad dreams and those dreams will happen.

When such people go for counseling and prayer, they often say that their case is very urgent. They back this up by saying that whenever they have a dream it happens.

You must not allow the devil to deceive you. Instead, learn to make use of spiritual weapons freely available to all believers. Find out what those spiritual weapons are and use them. (Eph 6:11-13).

Of course, there are Christians who think they are protected and don't need the complete suit of armor from God. They don't realize how Satan and his agents can manipulate the dream life of even Christians.

There are over a hundred spiritual weapons described in the Bible. You can use any combination of them to fight your dream battles. Please note that we are called soldiers of Christ. The work of a soldier is to fight. In our case, it is a spiritual battlefield, not visible to the naked eye, but real all the same.

Here I will just go ahead and describe 4 of these weapons. You can uncover the rest through a diligent study of your Bible.

- **The Name of Jesus:** The most powerful weapon which is available for our use against satanic dreams is the use of the name of JESUS. The Bible says, *“The name of the LORD is a strong tower. Into it the righteous runs and is given protection.”* (Prov 18:10). No matter how terrible you are attacked in your dream, if you still have spiritual “fire” to call on the name of Jesus, no power will be able to overcome you.
- **The Blood of Jesus:** The blood of Jesus is another weapon you can use against satanic dreams. This is clearly stated in the Bible, *“And they conquered him because of the blood of the Lamb and because of the word of their testimony, and they did not love their souls even in the face of death.”* (Rev. 12:11).
- **Fire of God:** The fire of God? What is this about? You may not realize this but the Bible does show that God is a consuming fire. *“For here God himself comes as a very fire, and his chariots are like a storm wind, in order to pay back his anger with sheer rage and his rebuke with flames of fire.”* (Isa. 66:15).
- **Angels of God:** Another weapon you have at your disposal are God’s angels. Angels have always played a crucial part in battles for God through the centuries. They have also been used to

protect his servants. The scripture says this in Psalms 91:10-11:

“No calamity will befall you, and not even a plague will draw near to your tent. For he will give his own angels a command concerning you, to guard you in all your ways.” Here’s another in Psalms 35:4-6: *“May those be shamed and humiliated who are hunting for my soul. May those be turned back and be abashed who are scheming calamity fro me. May they become like chaff before the wind, And let God’s angel pursue them. Let their way become darkness and slippery and let the angel of the LORD pursue them.”*

You must ALWAYS remember that angels are part of our weapons for spiritual warfare. Out of many.

As long as anyone decides to remain in ignorance she will not be able to withstand the arrows that are fired day and night. If you are facing attacks in the dream, remember this: You must put on the complete suit of armor from God, for without it you are vulnerable to attack and destruction.

Chapter Nine

91 Dream Secrets Revealed

In this chapter, I will outline some of the dream symbols and their meanings so you will have the ability to recognize and understand your dreams and be able to take prompt and necessary action.

There is something I need to tell you at this point. A bad or negative dream is not an absolute. ***It is a call to action.*** No matter what the dream symbolizes, we have been equipped with the ability to turn the negative to positive.

With the right kind of prayer and action.

As soon as you wake up from a bad dream, you should cancel it. A simple prayer like this:

“I cancel that negative dream I just had about____(fill in the blanks) in the name of Jesus. I decree that it shall NOT manifest in the physical in Jesus’ name. I release the fire of God on every satanic actor in that dream. I plead the blood of Jesus and I hold up the banner of victory in Christ Jesus. Let the angels of the LORD go on a “search and destroy” mission in the land of the living and of the dead ... to destroy every power, spirit, personality, device, or animal programmed to attack me in the dream. Henceforth, let nothing trouble me in the dream for I bear on my body the marks of the Lord Jesus Christ. Amen”

Now, a prayer like this goes very far. And very deep. In my ePrayer Academy, I actually teach my students step-by-step what all this means.

I want you to note ... as we take a sampler of common dreams ... that we are approaching the subject of dream meanings from a purely biblical, spiritual perspective. That means, you are going to be hearing me use the word “spirit” a lot. You are going to see me identify the kind of spirits that are at play when you have certain dreams. And in many cases, the exact prayer point to use to neutralize their activities.

Let me drop a gentle note of warning here. The prayers for each of these dreams are not theory.

Like you see in psychology or New Age texts.

For example, many who have been going to the **wrong places** to look for the meaning of their dreams have been told that seeing snakes in the dream is positive, that it represents money or sustenance.

Nothing can be further from the truth!

You need to know that the snake or serpent represents the arch-enemy of God and man. And the scripture is very clear what Christians should do with serpents. We are to **“trample upon them”** meaning stand against them and decree their destruction using the authority that our Lord gave us.

That is just one example.

As you read through the following pages, there may seem to be symbols or experiences you don't recognize or don't encounter in your dream life. That is

OK. Take note of them anyway and compare notes with what you see in the future.

A Sample of Evil Dreams, What They Mean and How to Stand Against Them

1. **Car brakes don't work** means the enemy is trying to take control of a certain area in your life. Your destiny is under attack. You have to resist this using the Word of God and prayer. You should cancel the dream as soon as you wake up and pray that the heavenly mechanics would repair the brakes of your vehicle of destiny and ask the Holy Spirit to take charge in Jesus' name.
2. **Person who passed away takes something from you** means there is a spiritual link that you need to break. The enemy is using that link as a conduit to siphon your virtues and blessings. If the person is a relative, it means you have ancestral evil linkages to deal with. You can pray: *"I recover my virtues from the land of the dead, and I cut every ancestral evil linkage with the sword of the Lord in the name of Jesus."*
3. **Being arrested** means you have fallen into the trap of the spirits which engineer bondage and captivity. You need to rise up with holy anger and pray like this: *"I release myself from every*

satanic cage or prison in the name of Jesus. I bind the arresters in the dream and I release the hornets of the Lord against them. O Lord, dispatch your angels of war to hunt down my captors and take my captivity captive in the name of Jesus.”

4. **Wandering around in a bush** means the spirit of confusion is at work in your life. You will not be able to focus on anything and do it well. Confusion will be the order of the day. You need to bind the spirit of confusion. Ask the Lord to send his angelic dispatch riders to take you out of the maze of confusion.
5. **Bulls or cows chasing you** mean that witchcraft spirits are after you. Ungodly dream interpreters will tell you cows signify good times coming. That’s a big lie. If you find cows coming after you in the dream, you better wake up and pray! Bind every spirit of witchcraft and release the fire of the Lord to burn them to ashes in Jesus’ name. And learn to be sensitive to what’s going on in your environment.
6. **Scorpion attacking you** means that you are up against very aggressive and wicked enemies. They will stop at nothing to destroy. Rise up and declare war against visible and invisible enemies. Pray like this: *“Thunder of God, scatter every satanic army assigned against my life in the name of Jesus.”*
7. **Lost your clothes and not able to find them** before you woke up means spiritual robbers are working against you, and the end

result is shame and demotion, unless you take action now. When you wake up, send the angels of God on assignment to recover what you've lost. Ask the Holy Spirit to arrest those responsible. Ask for the garment of honor and glory from the Lord.

8. **Walking around barefoot** means shame, demotion and hardship. Pray and destroy the powers assigned to monitor your life and report you back to your enemies. Bind the spirits of shame and poverty. Release the fire of God against them. Cover yourself with the blood of Jesus.
9. **Flood carrying your things away** means that evil consultants have been engaged to fight you. By evil consultants I mean psychics, mediums, fortune tellers, sorcerers, enchanter, magicians, etc. Their specific assignment is to destroy or transfer your virtues and replace them with trouble, tribulation and hardship. You will do well to learn how to battle against these things through violent prayer. A great prayer point to use is: "*O altar of perpetual destruction set up against me, be destroyed by the earthquake of the Almighty in the name of Jesus.*" You can also pray that the Lord should turn every evil counsel against you to foolishness.
10. **Seeing yourself flying** means you have been initiated into witchcraft, whether you know it or not, whether you agreed to it or not. Some people inherit this wicked spirit from their parents

and have no idea that they are blind witches. The solution is to look for an anointed Christian ministry that understand how to set people free from this type of things. Five minutes prayers will not be enough to do a thorough job here. As Jesus said, *“this kind goeth not but by prayer and fasting.”* It is a stubborn spirit.

11. **Being arraigned before a judge** means someone is placing curses on you. Here’s where you need to know your scripture. The Bible says, “No one can curse whom the Lord has blessed.” And “ a curse causeless shall not come.” Armed with these scriptures you pray: *“I cancel and nullify every curse placed upon me in the name of Jesus. I arrest every spirit assigned to enforce curses upon my life in the name of Jesus. I destroy their assignment by the power in the blood of Jesus. I declare that I am the blessed of the Lord. On one can curse whom the Lord has blessed.”* This is powerful stuff. And it works. And it is scriptural.
12. **Being driven to an unknown destination** means some other power outside the Holy Spirit is in control of your life, or an area of your life. For evil. Pray for the Holy Spirit to unseat the evil driver. Ask the Lord to forgive you where you have rebelled against Him, and opened the door for the enemy.
13. **Surrounded by bees** means you are under attack by strong, highly-organized enemies that will stop at nothing to destroy you.

Release the fire of God to burn them to ashes, through aggressive and persistent prayer. That means pray against them every night until you see a sign of their defeat.

14. **Doors closing before you enter** means the spirit of Pisgah is after you. This is the spirit of “almost there.” It makes people to fail at the edge of breakthroughs or miracles. It is a vagabond spirit. It led the children of Israel wandering in the wilderness for 40 straight years! You need all the spiritual ammunition you can gather against this one. More on weapons you need later.
15. **Seeing birds following you** means you are being monitored. Especially if it is a black bird. You are being observed and monitored for evil. You pray: *“Every evil observer, be roasted by the fire of God. In Jesus’ name.”* If you are not familiar with what it means to be roasted, you need to take a reading tour of the book of Jeremiah. He used to pray that certain enemies should be roasted. Meaning the fire of God should burn them to ashes. Remember, the Bible says God is a consuming fire. See where that came from?
16. **Falling into a pit** means you are on a journey to spiritual slavery and captivity. Though you might be walking around in the physical free, if you see yourself in a pit in the dream, you have already been sold into slavery. And those responsible are those who are close to you. Maybe members of your family, either

living or dead. Or workplace enemies posing as friends. Or even church members. Remember Joseph in the Bible. Remember the prophet Jeremiah. In both cases, it was envy and jealousy at work. They were both cast into the pit. You pray: *“O Lord, send your angelic hosts to rescue from the pit in the name of Jesus.”*

Then you begin to declare like David in Psalm 40:2: *“HE brought me up also out of an horrible pit, out of the miry clay, and set my feet upon a rock and established my goings.”*

17. **Being forced into marriage** means you have been married off in the spirit realm. You have a spirit spouse who will fight aggressively to ensure that you never get married in the physical ... or if you ever manage to, that marriage will be hell on earth. This is how the stage is set for separation and divorce that is plaguing many today. Here's what you do: You rebuke those responsible for the marriage in the name of the Lord. Call on the fire of God to consume that evil marriage and release yourself from its consequences through the blood of Jesus. Declare that you are married to Jesus, and HE will not share you with another. After that, go into a period of extended fasting, praying Type 1 prayer points (i.e. foundational prayers ... the kind we pray during our prayer marathons).

18. **Attending a meeting with unknown people** means you have spiritual linkages with occult and demonic groups. This kind of

thing attracts the wrath of God very easily. Why? Any gathering that is not unto the Lord is a candidate for the destructive whirlwind of the Lord. You better not be around when it strikes. Pray and sever your link with unknown or known evil groups, and release the fire of God to scatter them unto desolation. For good measure, add this: *“I forbid any regrouping, or re-gathering of this group in the name of Jesus.”*

19. **Going back to the old house** you lived in as a child means the spirits of powers of retardation operating in your family line is trying to cut short your progress and place a spiritual ceiling on your life. If you don't stand against this through prayer and fasting, you might soon find yourself making negative or backward progress, being passed over for promotion at work, losing favor with friends and family, making silly mistakes that annoy your boss at work and can get you fired, etc. You pray: *“Every altar of backwardness in my fathers' house, collapse in the name of Jesus.”* Then you quickly follow up with this one: *“Let the habitation of humiliation and demotion be battered, shattered and swallowed up by the power of God, in Jesus' name.”*

20. **Climbing a hill with difficulty** means serious obstacles have been placed on your path of progress. If you climbed the wall and when you stretch out your hand to get a good grip, it comes off, it

means your faith is weak. You need to shore up your faith by studying the Word of God and prayers. Then you can declare like this: *“O Lord, let my trials become gateways to my promotions in the name of Jesus.”*

21. **Teeth falling out** means there’s trouble ahead. One that could take its toll on your life and that of your loved ones over a period of time, unless arrested. You can pray like this: *“Every power exploring devastating strategies against my destiny, receive the judgment of God in Jesus’ name.”*

22. **Lights going out** means a time of tribulation is just around the corner. This is advance warning. You gird up your spiritual loins and begin to pray like this: *“O God arise, and attack my attackers in the name of Jesus. Let my problems expire, as darkness expires before the light in the mighty name of Jesus.”*

23. **Picking up coins** means you are under attack by the spirits of poverty. Please note that this is a stubborn generational spirit that is usually transferred from person to person, from one generation to another. You pray like this: *“I bind the spirits of lack and poverty. I break the backbone of lack and scarcity in my life in the name of Jesus. Let the chapter of lack and want be closed forever in Jesus’ mighty name.”*

24. **Playing on a losing team** means the Lord just released a significant breakthrough to you but before it could manifest in the

physical, the enemy launched a strong counter-attack and stopped it from getting to you. Conversely, if you played on the winning team and your side scored or earned points, the miracle is sure to manifest with a few weeks, if you are prayerful and watchful.

25. **Strong winds blowing against you** means the spirits of sudden destruction have been unleashed against you. You have to stand your ground here, command every satanic wind to cease in the name of Jesus. Then you go on the offensive and unleash the whirlwind of the Lord described in Jeremiah 30:23. If you pray this particular prayer point at the midnight hour for just 15 minutes for a few days (see “Prayer Cookbook” on how to do this properly) ... within days, you’ll be surprised at the dramatic turnaround in your life.
26. **Wild animals charging at you** represent raging and violent enemies. You begin to see problems coming at you from all directions. To overwhelm you and make you lose your sense of balance. To devastate you and keep you going from one problem to another, in an endless loop. You have to pray like this: *“By the power of God, let every trouble in my life crumble, in the name of Jesus. Thou power of God, usher me out of the valley of tribulation by fire in the name of Jesus. Every power or spirit raging against me, collide with the Rock of Ages in the name of Jesus.”* When you learn to pray like this, don’t be surprised when

calamity suddenly overtakes people who have been conspiring against you secretly. Even though you are NOT praying against human beings.

27. **Seeing yourself being buried** means the spirit of death and hell is after you. Use the scripture in Revelation 12:11 Then begin to pray like this: *“The anger of God shall write the obituary of all my oppressors in the name of Jesus.”* Again this is a midnight prayer.

28. **Shedding tears** means the spirit of depression and heaviness wants to afflict you. To make you sad and depressed. To make you mourn. The scripture to use against this spirit is in Isaiah 61:3. Then you begin to pray: *“I refuse to mourn in the name of Jesus. The Lord shall give me joy and gladness and all sorrow shall flee away in Jesus’ name. Amen”*

29. **Stagnant or dirty water:** Seeing stagnant water means your spiritual life is being polluted. Ask for the cleansing power of the blood of Jesus to wash you and remove every contamination from your life.

30. **Hair** – Losing your hair in the dream means a loss of glory and honor. If somebody cuts your hair in the dream, the enemy is sucking away your spiritual strength. And if you fail to take immediate action in the spirit, it will soon lead to other losses,

disgrace and slavery. Remember Samson and how he was captured by his enemies. It began with the loss of his hair!

31. **Begging** – If you see yourself as a beggar or begging, the curse of poverty is on your life. You need to break that curse, destroy both the roots and the fruits in your life, and return arrows of poverty back to wherever they came from. Then use scripture in Psalm 84:11 to ask for a release of good things and abundance into your life.

32. **Traveling on an endless journey** – If you see yourself traveling on a journey that never ends, it means the spirits of the vagabond is on you. It's a hard road to travel, with dangers lurking on every side. You need to terminate that evil journey and command the fire of God upon all vagabond spirits assigned against you. You can read about how the spirit of the vagabond worked in the life of Cain in the Bible.

33. **Being driven by an unknown person** means you have surrendered control of your life to evil manipulators, who will end up diverting your destiny. Pray like this: *“I unseat every evil driver in the driver's seat of my life. Let the ground open up and swallow them in the name of Jesus. Holy Spirit, I hand over control of every area of my life to you.”* See? This kind of prayer brings tangible results, almost immediately. Prove it for yourself ... don't just take my word for it!

34. **Doors closing before you enter** or something finishing before it gets to your turn to receive your own mean that the spirit of “failure at the edge of miracles” is working in your life. Stopping good things from coming to you. And ushering in frustration, rejection and failure. The biblical name for this spirit is “spirit of Pisgah” as I’ve described above.
35. **Poverty**: To dream you are poor means an area of your life (not necessarily finances) has been traded out, exchanged or transferred to another. You have to recover it from the hand of evil traders and cover it with the blood of Jesus. I usually recommend a 7-day prayer of recovery (with fasting).
36. **Always sitting for examinations** and not able to complete before waking up indicates obstacles on your way of progress. A spirit of failure and stagnancy is at work.
37. **Dream of death** you should rise up and begin to cancel every ordinance of death and hell against your life. And your loved ones. At times the death might just be targeted as certain areas of your life, e.g. marriage, finances, or even certain organs of the body. In any case, spiritual violence is required ... in order to terminate the assignment of death against you.
38. **Consulting Psychics or mediums** in the dream means that evil counselors are at work against you. To divert your destiny, lead you astray and push you away from the will of God. You must

also be careful of agents of the devil posing as Christians ... on assignment to lead you astray.

39. **Having recurring nightmares** is a pointer to the fact that evil pursuers have been assigned to pursue you day and night. Once you are under hot pursuit like this, you will find yourself making costly mistakes with deadly consequences. The fact that this is recurring is a message that you have not yet given the issue the spiritual attention it deserves.
40. **Cancer** in the dream is a clear indication that there are satanic plantations that need to be uprooted from your body. And there are many ways to do this. You can pray, machine-gun style, like this: *“Satanic plantations in my body, be uprooted and be cast into the fire of God’s judgment, in the name of Jesus.”* 1
Corinthians 3:16-17 is an example of the kind of scripture to deploy when dealing with this dream.
41. **Carrying a basket on your head** signifies the spirit of profitless hard work. That is you work like an elephant but eat like an ant. Like pouring water into a basket ... hard work, very little result.
42. **Bats flying around** means spiritual blindness. You are not able to see things in the spirit. Therefore you are a good candidate for deception, whether in spiritual matters or in relationships. What to do? *Pray that the Lord should enlighten your eyes of understanding, according to Ephesians 1: 17- 18.*Please note

what I am saying here: If this is the only prayer you pray successfully this year, you will reap the harvest forever. I mean it. The moment the Lord opens your spiritual eyes, so many of your challenges will become a thing of the past.

43. **To see animals in your dream** generally gives you a clue to the spiritual challenges coming against you. My advice is you look closely at the characteristics of such animals in the physical and you'll have a pretty good idea what's going on in the spirit. For instance, serpents mean you are under attack by wickedly intelligent spirits, highly poisonous with an agenda to steal, to kill and to destroy. Dogs represent sexual demons and if they bite you in the dream, they will introduce the demons of lust and sexual perversion into your life. Have you ever heard some Christians who fall into fornication at the drop of a hat, saying they don't know what got into them? They are under the power of the dog.
44. **Dreams of being abandoned** means rejection, The spirit of rejection has driven many into extreme ungodliness, some in a quest for revenge, while others will do anything to gain acceptance or approval. It was this spirit of rejection that drove Cain to murder his brother Abel in the Bible. The root and consequences of rejection go very deep and you should not joke with it. You have to bind the activities of this spirit and use the blood of Jesus to erase every mark of rejection from your life.

45. **Dreams having to do with abortion** means your virtues (God-given endowments) are being withdrawn from your life. As a result of an evil cry against you in the spirit.
46. **Dreams of contacts with dead parents** mean you have ancestral covenants working against you. You have to break such covenants and release yourself from bondage in the authority and name of Jesus. If you allow those covenants to remain in place, you could find yourself developing the kind of sicknesses they had, facing their frustrations, and generally living under the supervision of family spirits that determine just how far you go in life!
47. **Dreams of being attacked by armed persons** mean a conspiracy is being hatched against your life and interests. You can abort the evil conspiracy by sending the fire of God against them. A particularly effective spiritual weapon is the “noise of a great host” as described in the book of 2 Kings chapter 7.
48. **Dreams of bleeding** mean the loss of virtues, which could translate into physical losses such as the loss of a job, loved ones, finances, or even good health.
49. **Dreams of seeing cobwebs** mean hindrances designed to prevent you from fulfilling your purpose in life. You need to pray like this: *“Satanic cobwebs, be roasted by fire in the name of Jesus.”*

50. **Dreams of putting on earrings** mean you have been sold into slavery. Earrings are a sign of slavery in the spirit realm. You need to reject it aggressively.
51. **Dreams of wearing wigs** mean false or counterfeit glory. Stop and examine everything you are currently engaged in. Anything that does not bring glory to God should be eliminated immediately. Reject every spirit of false glory and pray for your divine original to come forth.
52. **Dreams of being handcuffed** mean spiritual captivity, and it could translate into the physical where you find yourself in a situation that is extremely difficult to extricate yourself from.
53. **Dreams of being at a funeral** whether it is your funeral or someone else's mean the spirit of death is pursuing you. You have to stand against this one with all the weapons of warfare that you know. Release the fire of God on the funeral service, disband and scatter them. Decree that you shall not die but live to declare the works of the Lord, as written in Psalm 118 verse 17.
54. **Dreams of appearing before great mountains** mean great difficulties are ahead... such difficulties that can melt your heart and courage and make you want to throw in the towel and quit. If you decide to deal with this, you can cut it short before it has a chance to manifest.

55. **Dreams of climbing with difficulty** same as above.
56. **Dreams of being accused in court** mean you are being cursed.
Cancel, reject and revoke the curse in the name of Jesus, and replace them with the blessings of God in Deut. 28, from verse one to fourteen..
57. **Dreams of seeing padlocks** mean your destiny has been locked up. It will manifest as lack of progress, living a life of struggles and hard bondage ... until you learn the type of prayers that break satanic padlocks like this: *“Every satanic padlock working against my destiny, break, break, break, in the mighty name of Jesus. I use the key of David to open all locked doors in the name of Jesus.”*
58. **Dreams of wearing tattered cloths** mean poverty, shame and disgrace has been programmed into the life of that person in the spirit. Pray as I instructed against the spirit of poverty above.
59. **Dreams of eating** means that your spirit man is very dull and weak, and is not strong enough to withstand satanic activities against you. In fact, they could even feed you with human flesh and blood in the dream this way, and by the time you wake up, you find yourself physically ill. This is a popular method of planting sickness and incurable diseases in the lives of people. Jesus said: *“While men slept, the enemy cam and sowed tares.”*
The tares include spiritual poison in the dream through food. You

will need to vomit the evil consumption ... and then lash out with holy anger against evil night caterers like this: *“You evil caterers feeding me in the name, I command you to eat your own flesh and drink your own blood in the name of Jesus.”* This is an advanced warfare prayer that has its basis in the scripture, in case you are wondering. In the book of Isaiah chapter 49 verses 25-26. You now see how certain scriptures that are not taught a lot in most places could hold the key to your victory and deliverance from bad dreams, among other things.

60. **Dreams of cooking for hours on end** mean that you are engaged in unprofitable or fruitless hard work. Terminate the evil assignment by the blood of Jesus, and ask the Holy Spirit to redirect your handwork.
61. **Dreams of vehicle breaking down while traveling** means hindrances and blockages targeted against your wheels of progress. Ask the heavenly mechanics to repair your vehicle and remove every hindrance on your way of progress.
62. **Dreams of entering vehicles or aircraft** and not knowing the destination means the spirit of the vagabond, that wondering spirit I described earlier, is at work again. There’s an old saying that a “rolling stone gathers no moss.” Recent statistics say that every year about 60% of people in big cities move from place to place seeking greener pastures. So you end up living in a world

of strangers where you barely know your neighbors next door. It is the work of this spirit. And you can pray like this: *“You vagabond spirits, my life is not your candidate, loose your hold upon my destiny in the name of Jesus.”*

63. **Dreams of darkness of any form** signify the presence of evil powers. They cast a spiritual blanket in an environment and if you are operating there, it will seem like your heaven has become brass. You simply command the evil blanket to be roasted in Jesus’ name.
64. **Dreams of being shot** mean you have satanic hunters firing arrows into your life. Sooner or later it will manifest in the physical, unless you know how to deal with it. I remember a pastor friend of mine who was shot in the dream just below the right kneecap. He woke up to see blood dripping from the wound in the physical. Soon after that he began to develop liver problems and died a few months later!
65. **Dreams of being naked** mean the enemy wants to disgrace you, period. The scripture to apply here is in Isaiah 61 verse 7.
66. **Dreams of seeing yourself in chains** signify slavery either in a particular area of your life or in a total way.
67. **Dreams of having your things stolen** mean significant loss of your goods or property. Here’s what you do: Blow the trumpet in

the spirit to summon the spirits in charge of this operation.

Command them to return what they stole seven fold in the name of Jesus. After that, release the fire of God to consume them.

Cover yourself and your possessions with the blood of Jesus.

68. **Dreams of having your wedding dress stolen** is advanced warning that the spirits of marriage destruction are working against you. You need to rise up aggressively and cancel their assignment as I earlier on described. Then go on the offensive by summoning them together and releasing the judgment of the Lord against them. The Bible says, *“What God has joined together, let not man put asunder.”* So far as you were married according to biblical principles, you can stand on this scripture to release all kinds of weapons from God’s armory against them.

69. **Dreams where your Bible is stolen** mean someone is trying to take away your spirituality and cause your love for Jesus to run cold. It could even lead to backsliding and ultimately, destruction.

70. **Dreams of getting confused** mean arrows of confusion have been fired against you. Return the arrows like this: *“Every arrow of confusion, go back to your senders in the name of Jesus.”*

71. **Dreams of having your cloth torn** means judgment has been passed against you in the spirit realm. This is a very serious

matter. You need to address it, canceling and nullifying it with the power in the blood of Jesus (if you are truly saved).

72. **Dreams of wandering** same as the explanation about vagabond spirit above.
73. **Dreams of being cursed** mean a satanic embargo has been placed on your progress in life. Unless you break the curse and cancel its evil consequences, you might just find life suddenly becoming a HUGE burden, friends turning to enemies, those who should help refusing to help, and misfortune dogging your every step.
74. **Dreams of having sex** mean you have a spirit spouse who will do everything in its power to destroy your earthly marriage, just to keep you for themselves. They sometimes cause business failure, get anyone who comes close fired from work, and even arrange fatal accidents to eliminate all competition. People who have sex in the dream are “loaded” with all kinds of spiritual materials like serpents circulating in their body without their knowledge, unexplainable health problems, and routine failure and frustration. They find it really difficult to have conception and give birth. Many of them end up being barren ... and running from place to place for solutions. If they manage to get married, they find that the finances of the family disappears suddenly and mysteriously.

75. **Dreams of being amputated** mean significant and permanent loss, resulting in deep feelings of frustration, powerlessness and helplessness.
76. **Dreams of going back to childhood days** mean retardation, backward progress and stagnancy.
77. **Dreams of nursing or breastfeeding a strange baby** mean your virtues are being spiritually withdrawn. You need to release the fire of God to burn the strange baby to ashes. Then you withdraw your virtues from the evil storehouse.
78. **Dream of losing your shoes** is a sign of marital failure looming in the horizon. Better cancel it quickly and go on the offensive to recover your marriage from the hands of evil spiritual consultants.
79. **Dreams of fire destroying your property** mean significant loss of goods have been programmed into your future. Pray the de-programming prayers at the end of this book.
80. **Dreams of losing your key** signify a loss of spiritual authority and power. As soon as this happens, the enemy will sharpen his arrows and begin to fire them into your finances, marriage, ministry, health, etc. Ask the Lord to send His ministering angels to recover your key and to scatter every evil gathering against your life.

81. **Dreams of dogs attacking you** mean sexual demons have been programmed into your life. You'll have to pray hard not to fall into sexual sins.
82. **Dreams of being attacked by cats** mean you are laboring under witchcraft attacks.
83. **Dreams of serpents** mean you are under attack by wickedly intelligent enemies on a mission to steal, to kill and to destroy. See explanation above.
84. **Dreams of crocodile** mean you have strong links with terrible spirits living in the water kingdom. It's either you have been initiated into their evil group or you have been donated to them as their meat, a helpless victim. These are proud and ruthless spirits that never release their victims unless confronted by superior firepower. By that I mean a combined offensive using the name of Jesus, blood of Jesus, fire, lightening and thunder of God, etc. This is a hot theater of battle reserved for veteran prayer eagles. If you find yourself confronted by this thing in the dream, my advice is to seek help urgently.
85. **Dreams of drinking alcohol** introduce confusion into the life of a person.
86. **Dreams of being exhausted always** signify spiritual sluggishness. What is known as the "snail anointing." It makes

people to miss their divine opportunities, and leaves them operating in the tail region, instead of the head. This one calls for prayer and fasting, to help you renew your strength.

87. **If you find yourself vomiting in the dream** could signify an ejection of evil spiritual materials from your body.
88. **If you find yourself with rotten fruits** or eggs in the dream you need to rise up and pray against devourers, emptiers and wasters on assignment to destroy the works of your hands.
89. **If you find yourself in the midst of people wearing uniforms,** especially black regalia, it's probably that you come from a long line of occult people and your entire bloodline has been covenanted to deities you know nothing about. In the spirit realm, ignorance is no excuse. Whether you know it or not, this is still legally binding on you and generations yet unborn ... unless you rise up now and cut off the evil flow by the power in the blood of Jesus. Please don't make the mistake of thinking that once you got "born again" these things will not affect you any more. You need to determinedly use the Word of God and prayer persistently until you have a knowing that every thread of that evil covenant has been cut off. That is when you will begin to enjoy your Christian life.
90. **If you constantly see slow moving animals in the dream,** it means you are operating with the tortoise and snail anointing.

Sluggish progress or none at all; operating at the tail position instead of the head, and having the painful experience of watching others share testimonies while good things never seem to happen in your life.

91. **Seeing a multitude of flies** in the dream mean the witchcraft devourers have been programmed against your source of income and sustenance. Stand against them in the name of the Lord and release the fire of God to burn them to ashes.

Chapter Ten

Wake Up to Your Dream

Anyone having bad and ugly dreams will continue to suffer unnecessarily, if they remain ignorant of what they need to do to effect changes in the spiritual. In the last two months, I have received 847 cases of very terrible dream attacks from my subscribers worldwide. This is a universal problem, not limited to any one culture. As I cannot answer all these emails one by one, I have explained some of the most common ones here.

Why Are Christians Still Having These Dreams?

The main reason is that most modern day Christians are not serious with their spiritual life. They are playing with sin.

One well-known man of God almost had a heart attack recently at the annual convention of all his pastors and church workers. Membership in his church are in the millions. As he was preaching, he received a message from the LORD that many in attendance were sinning and needed to repent that day. Many of them that sinned had committed such gross acts as fornication or adultery. The message he received told him to do an altar call and have all the culprits come forward and confess their sins. If they didn't, they would face untimely deaths in seven days!

You should have seen the stampede. Many well-respected pastors were jumping over the chairs in their haste to make it to the altar.

But none of them moved initially until they heard they would die in a few days.

Needless to say, the preacher broke down and cried!

This pitiful story presents the truth about one thing. People will not do what they are supposed to do until their lives are threatened, then they act. If you are in a Bible-believing church where they preach holiness and transformation of lives, but you still refuse to change, then that makes you a good candidate for evil arrows that manifest as the kind of bad dreams we just examined.

Anyone living in any known sin has already given a blank check to dream attackers to run riot in their dreams.

I don't want you to remain in ignorance. That's why I wrote this ebook. If you dismiss satanic dreams with a wave of the hand thinking they are harmless, you are only deciding to allow the devil to have his way in your life.

In that case, you shouldn't blame God or anyone else for your plight.

You will be doing yourself and your loved ones a world of good if you take a decision to pray against satanic dreams whenever they rear their ugly head.

Here's my advice to you:

When you are attacked in the dream, **DON'T PANIC**.

You will have to learn to be methodical in dealing with these ugly dreams. If you are a child of God, you should NOT be experiencing this type of thing.

But if you've had them as a result of ignorance, carelessness or prayerlessness, you can experience total victory starting NOW.

You may ask, "But I have had these types of dream for so many years without doing anything about it. Can I still take action now to effect a change and stop these dreams from recurring?"

The answer is: YES, you can!

There's great news for you. You must pay close attention to what I am about to say now.

There is a glorious opportunity in the spiritual world which you need to know about.

If you have a tape player, you will know about two important functions – rewind and fast forward.

Here's the big secret:

You have such facilities in prayer! You can rewind your dream experiences back to your childhood days through prayer. That means you can counter the effect of all the bad dreams you had for the past ten, twenty, forty years, etc.

Here's how you pray:

Father, in the name of Jesus, I reverse the effect of the negative dreams I had ten years ago. Any negative effect should be completely cancelled by the blood of Jesus. In Jesus' name. Amen.

It is a simple prayer but it is also very powerful and it works fast, especially when you pray it like a soldier in fighting mode.

If there are dreams you have forgotten, you can ask the LORD to help you remember them. Then you can pray for the removal of whatever has caused that dream to occur. You'll be surprised that you'll suddenly remember dreams you had when you were 7, or 21, or 30. After recalling the dream, go ahead and cancel their negative impact upon your life.

In the next chapter, you'll be entering an intense practical session with real-life prayers that have been PROVEN to work without fail over a period of 77 years.

How to Counter Dream Attacks

If you are determined to counter any dream attacks you had in the past or are having now, you need to take action right away to reverse this trend.

The Bible says in James 1:22, *“However, become doers of the word, and not hearers only, deceiving yourselves with false reasoning.”*

There is no way for you to benefit from the content of this manual without carrying out the following instructions.

You can look at your life now and if you have not reached where you should be on a spiritual level, you could declare and say to Satan, *“Enough is enough. No more of you controlling my life or my dreams.”*

You can declare that you are completely fed up and done with satanic manipulation through your dreams. And you demand an immediate release!

You can **ONLY** do this effectively by taking the following steps:

STEP ONE

If you have not done so already (or if you are not sure), you must give your life to Jesus Christ and experience the new birth. When you genuinely and sincerely take this step, you will experience a major shift in your life and you will feel a HUGE burden come off your shoulders.

Here is what the Bible has to say about this matter in Colossians 1:13, 14, *“He delivered us from the authority of the darkness and transferred us into the kingdom of the Son of his love, by means of whom we have our release by ransom, the forgiveness of our sins.”*

STEP TWO

You must learn to pray in prayer point form. And do purposeful fasting along with it. I explained this in detail in my book, “Passion Prayer of Jesus the Christ” – the ebook version is distributed freely worldwide.

Prayer changes things. Aggressive and focused praying can change your dreams. Significantly, this type of praying helps put a stop to the activities of the devil in your dream life.

STEP THREE

Get personal and practical help. In most cases, you may need person-to-person counseling. What I call coaching or mentoring.

Many people have received the touch of God through my coaching and e-mentoring sessions. You only have to look at the testimonies on our website (<http://www.firesprings.com>) to confirm that JESUS is still stretching forth His hand to save, heal and deliver to the uttermost. You may have to really search around your community to find a Christian ministry that teaches people to really pray. I don't mean the ones that talk about prayer ... without actually doing the prayers. Those ones are all over the place. The prayer-focused ministries will however take a little digging around ... and some detective work. It will be well worth your effort when you do find one though... because they can help you make rapid spiritual progress within the year.

If you wake up from a bad dream please follow the steps below:

1. Do NOT fear.
2. Ask the Holy Spirit to help replay the dream in sharp focus so you'll know how to respond.
3. Launch a counter-offensive by first canceling the dream, summoning the evil actors and dealing with them.
4. Recover what they stole from you in the name of Jesus.

5. Release all the big spiritual missiles against them as I've been teaching here.
6. Soak yourself and your loved ones in the blood of Jesus and pronounce the blessings of the LORD abundantly upon yourself.
7. Be prepared to do this repeatedly, if need be, for many days and nights. In other words, be ready for a sustained and persistent campaign.

Gird your loins and get ready to go into battle! We are going into prayers of release from dream attacks. If you have not done so already, I will advise that you lay a solid foundation by praying Steps 3, 4 and 5 prayers in ***Prayer Cookbook for Busy People***. That should take you five days. Then you can follow up with these prayers for 7, 14, or 21 days depending on the severity of the attacks you've received in the past.
